

SHAIK PARVEEZ

MERN Stack Developer

+91-6302122429 | shaikparveez290@gmail.com | GitHub: shiakparveez

PROFESSIONAL SUMMARY

Passionate and motivated MERN Stack Developer with hands-on experience in building dynamic web applications using modern technologies. Fresh graduate with strong foundational knowledge in frontend and backend development, eager to contribute to innovative projects and grow within a collaborative development environment. Skilled in creating responsive user interfaces and implementing interactive features with clean, efficient code.

EDUCATION

Bachelor's Degree in Technology

Malla Reddy Institute of Technology and Science

Expected Graduation: 2024

TECHNICAL SKILLS

Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), Tailwind CSS

Responsive Design: Mobile-first approach, Cross-browser compatibility

Version Control: Git, GitHub

Development Tools: VS Code, Chrome DevTools

Problem Solving: Algorithm design, Debugging, Code optimization

Soft Skills: Team collaboration, Quick learner, Detail-oriented, Time management

PROJECTS

Todo List Application

Technologies Used: HTML, CSS, JavaScript

Developed a fully functional task management application with CRUD operations. Implemented local storage functionality to persist user data across sessions. Created intuitive UI with add, edit, delete, and mark-complete features. Applied responsive design principles for optimal viewing across devices.

Interactive Table Filtering System

Technologies Used: JavaScript, HTML, CSS

Built a dynamic data filtering solution for large datasets. Implemented real-time search and filter functionality with multiple criteria. Optimized performance for handling extensive datasets efficiently. Created user-friendly interface with smooth animations and transitions.

Interactive Quiz Application

Technologies Used: JavaScript, HTML, CSS, Tailwind CSS

Designed and developed an engaging quiz platform with multiple question types. Implemented scoring system with real-time feedback and progress tracking. Created responsive design using Tailwind CSS for consistent user experience. Added timer functionality and result analytics for enhanced user engagement.

CERTIFICATIONS

MERN Full Stack Development Certification

Full Stack Academy

Completed comprehensive training in MongoDB, Express.js, React.js, and Node.js

ADDITIONAL QUALIFICATIONS

Learning Mindset: Currently expanding skills in React.js, Node.js, and MongoDB

Code Quality: Strong focus on writing clean, maintainable, and well-documented code

Collaboration: Experience working on team projects and code reviews

Adaptability: Quick to learn new technologies and adapt to changing requirements
